# Strengthening Families Since 1925

El Nido Family Centers, founded in 1925, is one of Los Angeles' most distinguished, respected, and effective social services nonprofit organizations.

We support families in LA's most under-resourced communities through education, workforce development, homelessness prevention, and mental health assistance.

Through our programs, we set out to break the cycle of inter-generational trauma, providing services for the entire family.

*Annual Gala*

*My time here at Berkeley has definitely been a rollercoaster of emotions, memories, and character-building moments, all of which have helped me identify who I am and discover who I want to be.*

*I want to thank the De Miranda Foundation, for providing me a light when I needed it the most. I also want to thank El Nido for giving me with the resources, help, and connections necessary to be able to pursue my dream of becoming successful and making my life meaningful.*

*~ William C., 2022 Scholarship Recipient*
